DECOR-S-006

DÉCOR SERIES FAN SPEED CONTROLLER

Description

Décor range of fan speed controller is designed for ease of installation and having all the advantages and design features. These products can be quickly installed as replacements for existing switch plate or in new installations.

Features

- Breakthrough in style with quality plate finishes of pleasant curved design
- Use of high impact resistant material, flame retarding & UV stabilized polycarbonate
- Innovative front fitting modular system with resist frontal impact
- This modular system provides maintenance versatility and cost effective
- Large terminal faces to provide maximum installer versatility even in confined spaces
- Clip on covers conceal mounting screws, simplify finishing & decorating
- Cover plate comes in metal & polycarbonate with quality gloss finish

Main Application

Suitable for switching fan load and controlling the speed required.

Materials & Finish

- Use of polycarbonate for all plastic components
- Brass & Copper for all conductivity components
- All contact point is silver welded for best performance

Option

Accessories and color options upon request

Quantity

Box Quantity : 10 pcs
Outer Box : 100 pcs

TECHNICAL SPECIFICATION

Electrical

Voltage rating: 250V a.c., 50Hz 400VA

Physical

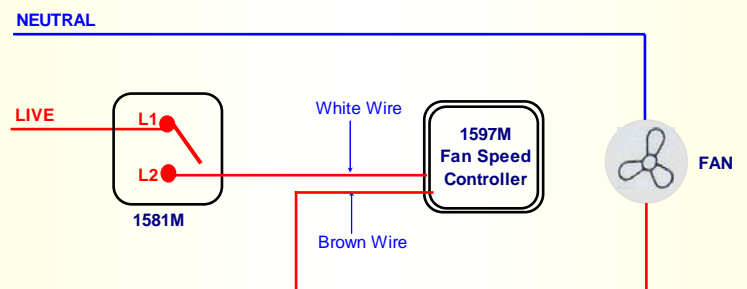

Ambient operating temperature: -5°C to +40°C

Max. installation altitude: 2000 meters

Dimension

	L	X	W	X	H
Plate Size	:	89	x	89	x 6.7mm
Mounting Centres	:	60.3	mm
